## PROFESSIONAL SUMMARY

Motivated and detail-oriented academic and researcher with a strong foundation in History and growing expertise in social research, public health, and interdisciplinary studies. Over one year of experience in teaching at the university level, with a proven record of developing and delivering course content, mentoring students, and participating in academic training and institutional development. Experienced in conducting field research in both qualitative and quantitative methods and have published multiple peer-reviewed articles on public health, social issues, and behavior, showcasing the ability to connect historical and contemporary social phenomena. Aim to engage and contribute to innovative projects, academic environments, and extracurricular initiatives that explore the intersections of history, society, and contemporary issues.
